{ About Us

Greenhaven Funerals is family owned and operated by Carly and Tim Dalton.

Together with our team of caring and experienced staff, we are focused on supporting Victorian families through the loss of a loved one. It is our aim to provide you with the highest level of personal service and care.

Our funeral services are unique and highly personalised to reflect and celebrate the life of your loved one. We also ensure that any special needs and wishes of your family are met and provided for.

We provide funeral services across all of Melbourne and some parts of regional Victoria. We work with many special venues, suppliers and related professionals to create unique, bespoke funerals that won't cost the earth.

{ A Personalised Approach

We understand that during this difficult time, it can be overwhelming to know what to do next.

We guarantee that the same friendly, professional funeral consultant that meets you at the arrangement meeting will also be there on the day of the funeral to support you and your family. They will guide you through every step of the way and be the person who will help you arrange everything.
