The Importance of a Funeral Service

Ceremony plays an important part in our lives. Through the act of ceremony we mark significant rites of passage, such as birth, marriage, anniversaries and death. Each nationality and faith embraces their own ceremonies, rites, rituals and traditions.

A funeral service is a ceremony which grants us a moment of time to say goodbye to our loved one. At Dwyer Family Funerals we respectfully assist you to acknowledge, remember and celebrate the life of your loved one, whilst honouring them with a dignified service reflecting each and every individual.

Organising and sharing in a funeral service aids in the grieving process by giving a focus to the loss of someone special and offers support to family and friends at a time when they are most vulnerable. Gathering together and sharing stories, photos, videos and spending time simply reminiscing about precious moments together helps begin the process of saying goodbye and accepting death.

Arrangements

We offer funeral arrangements both in the comfort of your own home, or in our Thirlmere office, at any time that is convenient to you and your family.

Locally Owned & Family Operated

We are a well respected Wollondilly family who are always looking at ways to help other small local businesses. Not only do we reside in Wollondilly but our children also play sports and go to school in our local area. With both Michelle & John coaching local netball and football teams.

With our family working alongside us, we will ensure your loved ones are looked after in a dignified and respectful manner.

Funeral Services

No two funerals should ever be the same. Each service celebrates the unique life of your family member.

Cremations

We can facilitate a chapel service at any of Sydney or Greater Sydney's Crematoriums. Services can also be conducted at an alternate venue with a private cremation afterwards.

Burials

Church services are also available prior to a burial or services can be held at the graveside.

No Services

Becoming increasingly popular, many are choosing to not hold a funeral service. Whatever the circumstances, we are able to conduct this in a way that meets your individual wishes.

Memorial Services

A memorial service enables you to pay tribute to your loved one without a casket present.

Pre-Arranged Funerals

Why not have your funeral pre-arranged and pre-paid to ensure your wishes are honoured. We offer flexible payment options allowing you to pre-pay in full or by bond. Please contact us so we can discuss these options further.
