

# Employer Benefits Program

## Helping Your Employees Cope with Loss

eziFunerals has developed Australia's first Funeral Benefit Program as a value-added benefit to existing Employee Assistance Programs Australia wide.

Our Funeral Planning Service supports all employees, and their immediate family members, cope with death and the funeral process.

This includes access to our online funeral plans (at-need and advanced), funeral planning support, funeral director selection and price comparison service, saving families time, money and unnecessary grief.

## Coping with loss is never easy

When an employee or their family member passes away it is never an easy transition for the remaining loved ones, colleagues or co-workers.

It can have a significant and negative impact on their work and well being. In the midst of grief, those who remain must comfort one another and make time to attend to final arrangements.

As a result of their emotional stress, employees affected by a loss and planning a funeral may:

- Make poor decisions
- Supervise ineffectively
- Compromise workplace safety

*eziFunerals is pleased to provide a unique, value added service that empowers individuals who are dealing with funeral related matters.*

need it most**

In my role as Celebrant, I find that the additional stress on families of arranging the funeral of their loved one can be emotionally overwhelming and may all feel just too hard. eziFunerals made it all much easier. Thank you eziFunerals for having the vision.

**J. Rees, Celebrant**

Due to living many miles away from my family, eziFunerals has enabled me to put in place a plan for my funeral, that encompasses how I would like it to be. This has given me piece of mind knowing that a huge burden will be taken away from my family, by having my personalised funeral plan in place. Thank you to eziFunerals.
